

Agent & Merchant Rebate/Bonus Program

Flexxbuy is pleased to announce its summer Rebate/Bonus Program. The program is effective immediately and runs through Labor Day.

Here's how it works.

Any merchant that signs up during this time can earn back any enrollment fee they are charged by simply using our Multi-lender Direct-to-Borrower Platform (Program 1).

In addition, you will earn a bonus on accrued billable funding amount levels once their enrollment fee is earned back in full.***

So, for example, if a Merchant is charged a \$99 enrollment fee:

| Bonus/Rebate | Accrued Billable Funded Loans | Merchant Rebate | Sales Partner Bonus |
|--------------|-------------------------------|-----------------|---------------------|
| \$100 | \$10,000 | \$100 | \$0 |
| \$100 | \$20,000 | \$0 | \$100 |
| \$100 | \$30,000 | \$0 | \$100 |
| \$100 | \$40,000 | \$0 | \$100 |
| \$100 | \$50,000 | \$0 | \$100 |
| \$100 | Every \$20,000 increment | \$0 | \$100 |

If you charge your merchant a **\$199 enrollment fee**, the merchant receives up to **\$200 in rebates** and your bonus kicks in thereafter.

If you charge your merchant a **\$299 enrollment fee**, the merchant receives up to **\$300 in rebates** and your bonus kicks in thereafter.

If you charge your merchant a **\$399 enrollment fee**, the merchant receives up to **\$400 in rebates** and your bonus kicks in thereafter.

This is your rebuttal to merchants resisting enrollment fees!!

It's really a win-win. There's nothing else for you to do and Flexxbuy pays for it.

Simply sell as you always do and show your prospects that the fees they lay out can easily be rebated back to them in no time.

There are no time limits as to when the funding takes place. As long as they are on the program and we get paid our funding fees, they will be credited towards the rebate/bonus.

*** Sales Partner bonuses are eligible for one-year from time of merchant enrollment.
