## Referral Partner Program

### How It Works

The Referral Partner Program is intended for the Sales Partner that prefers to focus on the business relationships and not the selling and enrollment of the Flexxbuy Consumer Financing Programs. With the Referral Partner Program, Flexxbuy's internal sales staff will engage the prospective business partner on your behalf.

Here are the steps:

1. Market and promote Flexxbuy to your business contacts.
2. Complete the form located at <http://flexxbuy.com/referral-partner-prospect-form/>
3. Flexxbuy staff will contact the prospect and go through the sales cycle on your behalf.
4. The Client is enrolled in respective programs. We handle enrollment process and gather all required support docs.
5. You earn Setup Commissions and residual commissions.

#### Commission Structure:

Setup Fees- Setup Fee collected less \$199. We typically charge a \$299 Setup Fee, so you will earn \$100

Residual Commissions- Earn 75% of your contracted Schedule A commission (see your Agent Agreement Schedule A for details)

Business Loans/Cash Advance- Earn 75% of your contracted Schedule A Commission (see your Agent Agreement Schedule A for details)
